Keywords

minimal · dark · modern · grainy · glassy · bold-typography · moody · digital · sleek · futuristic · high-energy

Aesthetic References

- Apple-level polish
- Frosted glass / glassmorphism
- Dark-mode-first UI
- 2026 editorial brutalism meets luxury
- Ticket/pass visual motif

Tone: Aggressive, confident, anti-guru, results-focused

02

Design Principles

- 01 Dark-mode-first: design on #131313, derive light variant if needed
- 02 Content > chrome: UI should recede, content should shine
- 03 Spatial hierarchy via surface layering, not drop shadows
- 04 Generous whitespace: when in doubt, add more space
- 05 Contrast-first glassmorphism: glass is decoration, legibility is law
- 06 One accent per viewport: max 1 orange element demanding attention at a time
- 07 Performance-aware effects: cap blur at 24px, max 2 blobs
- 08 Respect prefers-reduced-motion and prefers-color-scheme

03

Design Principles

Primary Colors

Nero	#131313	Primary background, dominant surface
